

CSIG PRIORITY ISSUES LIST

JUNE 1999

Issues Set A: Chemical Safety “Drivers” (Guide to Integrating Chemical Safety and Nuclear Safety) [Original Issues 1-1 + 1-2 + 2-3 + 8-1]

Issue A.1 (Original Issue #1-1):

DOE Chemical Safety Guide (Includes original issues #1-2, “Management Priorities” and #2-3, “Management of Chemical Safety Basis”)

Champion:

George Schlossnagle, EH-52 [301-903-9418] george.schlossnagle@eh.doe.gov

Issue A.2 (Original Issue #8-1):

Relevance of TSRs or TSR-like Controls for Chemical Hazards in Nuclear or Non-Nuclear DOE Facilities.

Champion:

Ingle Paik, WSMS – SRS, (803) 502-9621, Fax: (803) 502-3021,
ingle.paik@wsms.com

Issues Set B: Chemical Safety Management Issues and ISM [Original Issues 6-1 + 10-1 + 10-3]

Issue B.1 (Original issue #6-1):

Ensuring that All Significant Chemical Safety Vulnerabilities Have Been Identified and Addressed (including those that may only impact facility workers.)

Champion:

Shiv Seth, DOE-RL, (509) 376-8129, shivaji_s_seth@rl.gov

Issue B.2 (Original issues #10-1 and 10-3):

Validate the Draft Chemical Management System Guide on the Chemical Safety Web Site [combined with #10-3, “Define Stages of Life Cycle Management”]

Champions:

William D. (Bill) Adair, Fluor Daniel Hanford, (509) 376-0428, Fax: (509) 372-2828,

[william_d_\(bill\)_adair@rl.gov](mailto:william_d_(bill)_adair@rl.gov)

James (Jim) Morgan, WSRC, (803) 557-4668, Fax: (803) 557-5544, james.morgan@srs.gov

<p>Issues Set C. Chemical Safety Best Practices and Lessons Learned [Original Issues 3-1 + 4-1 + 5-1 + 8-2 + 10-2]</p>
--

Issue C.1 (Original Issue #3-1):

Chemical Safety in Laboratories -- Defining the Latitude of the Unassisted Principal Investigator (PI) to Analyze Hazards, Select Controls and Ensure Feedback.

Champions:

Gordon Miller, CIH, (925) 423-8036, fax (925) 422-5270,

miller22@llnl.gov

Monty Rosbach, PNNL, (509) 376-8367, monty.rosbach@pnl.gov

Issue C.2 (Original Issue #4-1):

Need for Chemical Management System “Best Practices” that Supports the Business Plan and Demonstrates Cost Effectiveness [Chemical Information Management and Lessons Learned]

Champions:

Steve Harris, LLNL (925) 422-2256, Fax: (925) 424-2119,

harris12@llnl.gov

George Schlossnagle, HQ DOE/EH-52, (301) 903-9418,

Fax: (301) 903-7773, george.schlossnagle@hq.doe.gov

Issue C.3 (Original Issue #5-1):

Draft Checklist/Guidance Document for Chemical Safety in Work Planning

Champion:

Billy Lee, HQ DOE/EH-52, (301) 903-4884, Fax: (301) 903-7773 billy.lee@eh.doe.gov

Issue C.4 (Original Issue #8-2):

**Handling the Combined Consequence of Chemicals or the
Combination of Chemicals and Radionuclides [Integrating Chemical
Safety and Nuclear Safety]**

Champion:

Doug Craig, WSRS, (803) 502-9621, doug.craig@wsrs.com

Issue C.5 (Original Issue #10-2):

Chemical Best Management Practices

Champions:

Paul Krupin, Randy Kreckel DOE-RL, (509) 372-1112, Paul_J_Krupin@rl.gov and
George Schlossnagle, DOE-EH, 301-903-9418, george.schlossnagle@eh.doe.gov

<p>Issues Set D: Chemical Safety Information Resources Management [Original Issues 7-1 + 9]</p>

Issue D.1 (Original Issue #7-1):

**Improved Access to Technical Information on Chemical Reactivity
and Incompatibilities**

Champion:

Billy Lee, HQ DOE/EH-52, (301) 903-4884, Fax: (301) 903-7773, billy.lee@eh.doe.gov

Issue D.2 (Original Issue #9-1):

**Establish a “Clearinghouse” Network of Chemical Requirements
Information [A Road-map of Chemical Safety Requirements]**

Champions:

Raeanna Geiger, LANL, (505) 665-0136, Fax: (505) 665-9427, raeanna@lanl.gov
Gail Kleiner, DOE-HQ, (301) 903-5601, Fax: (301) 903-7773,
gail.kleiner@eh.doe.gov
James Woodring, DOE-ANL, (630) 252-5641, Fax: (630) 252-7608,
jwoodring@anl.gov

[NOTE: Those issues identified on the original 10 Priority Issues List and their respective sub-issues that are not identified here have been consolidated with others or have been deferred for consideration at a later time – See “Deferred Priority Issues of January, ‘98”]
